MH+D's Mainstay with Knickerbocker Group

Members of Maine's design community gathered at Knickerbocker Group's downtown Portland offices for this year's Fall Mainstay. A cool autumn evening and warm indoor atmosphere set the perfect backdrop for designers, architects, and builders to connect and share current work and ideas. Attendees were served delicious and beautifully designed hors d'oeuvres and charcuterie by Experience Maine Culinary. The evening highlighted the ongoing collaborations and commitment that strengthen Maine's design community. **MHD**

"Hosting the Fall Mainstay was a reminder of what makes our work so special—the people," said Angie Ballard, design studio and operations leader. "We appreciated the chance to welcome the design community into our space to share stories, inspiration, and the craftsmanship that connects us."
